## DELTA DYKE AND DRAIN BY-LAW OF THE MUNICIPALITY OF DELTA.

*A By-Law to provide for the Draining and Dyking of a portion of the Municipality of Delta, to be known as the "Delta (1895) Dyking and Drainage Works," and for borrowing upon the strength of the said Municipality the sum of \$41,320.51 for completing the same.*

[Provisionally adopted the 10th day of June, 1895.]

WHEREAS a majority in number and value of the owners, as shown by the last revised assessment roll of the property hereinafter set forth to be benefited by the construction of the drainage and dyking works hereinafter provided for, have petitioned the Council of the said municipality, under the "Municipal Act, 1892," to cause the examination to be made of the following lands to be benefited, namely:—Commencing at the high land on the Chewassen Indian Reserve; thence along the Gulf of Georgia to Canoe Pass; thence along Canoe Pass to Fraser River; thence along Fraser River to the high land opposite Annacis Island:

And whereas thereupon the said Council procured an examination to be made by Mr. A. R. Green, Civil Engineer, being a person competent for that purpose, of the said locality proposed to be drained and dyked, and has also procured plans and specifications and estimates of the work of construction to be made by the said A. R. Green, and an assessment to be made by him of the real property to be benefited by such drainage and dyking, stating, as nearly as he can, the proportion of benefit which, in his opinion, will be derived in consequence of such drainage and dyking by every section or lot, or portion of section or lot, the said assessment so made being the assessment hereinafter by this by-law enacted to be assessed and levied upon the sections or lots hereinafter in that behalf specially set forth and described, and the report of the said A. R. Green in respect thereof and of the said drainage being as follows:—

"NEW WESTMINSTER, May 29th, 1895.

"To the Reeve and Municipal Council, Delta, B.C.

"GENTLEMEN,—In accordance with instructions received from your honourable body to make examinations, surveys, plans, reports, estimates, and schedule of assessments for the construction of a dyke, as petitioned for by F. B. Pemberton and others, I beg leave to report that I have made such examination, surveys, plans, and reports, estimates and schedule of the sections, and I recommend that the work be done as follows:—

"That an earth embankment, of dimensions as stated in my plans, and cross-sections provided with all necessary outlets, be constructed, beginning at the high land on the Chewassen Indian Reserve; thence along the Gulf of Georgia to Canoe Pass; thence along the south bank of Canoe Pass to Fraser River; thence along the south bank of Fraser River to the high land opposite Annacis Island.

"These works will benefit lands in 3, 4, 5, and 6 townships.

"I estimate the costs of the works to be \$41,320.51, as shown in my detailed estimates. This sum I assess as in the accompanying schedule against the lands benefited.

"I recommend that the maintenance of the dyke, ditch and boxes, gates, &c., be at the expense of the lands assessed for the works herein reported on, and the said lands paying in the same relative proportions as for the said works.

"I have the honour to be,

"Gentlemen,

"Your obedient servant,

"A. R. GREEN,

"Civil Engineer."
